Rent-A-Center

"Rent-A-Center has called Plano home since 1998 and chose to build its new headquarters here in 2007. The City offered incentives, an excellent quality-of-life for its citizens and an attractive talent pool of people from diverse backgrounds. Plano has quick accessibility to airports and to major highways, which makes it easy for travel. Plano maintains a high level of services to its citizens and offers several parks, leisure activities, sports programs and a vibrant arts community."
